Re: Matthew Tolbert DOB 27/11/62

Thank you kindly for the ongoing support for Mr Tolbert.

He has ended our MH centre again on 13/1/25 requesting for assistance in his D&A recovery.

There were no concerns in regards to his mental state however, and nothing that was not reviewed on his last two intake assessments (28/10/24 and 18/11/24). As you know, he does continue to struggle with his alcohol dependency.

He was not eligible for MH case management services or acute MH services at this stage.

However was re-referred to D&A services and advised to see his psychologist at Sydney Clinical Psychology.

If he requires a Psychiatry review we recommend Dokotela for a telehealth appointment (free through PHN funding).
